MINERS ALL UNITED.

So Says President McBride of the Union.

"ONE FOR ALL AND ALL FOR ONE"

A Scale Adopted by the Miners, but Not Yet Acted on in Joint Conference—Work of the Great Convention at Cleveland Is Started—Feared That the Call Has Been For Naught.

CLEVELAND, May 16.—The scale committee met in Bank street hall and the operators assembled in conference at the Weddell House.

The scale committee in its report endeavored to adjust differences in rates for mining in a manner to work no injustice to the miners of one section as compared with another. The demand is for the wages paid before the reductions were made last fall and winter.

In a general way the scale provides for the following rates: Ohio, 70 to 85 cents; Pennsylvania, 66 to 79 cents; Indiana, 70 to 75 cents; central Pennsylvania, 50 cents; Illinois, 50 to 85 cents; Maryland, 50 cents, and West Virginia about the same, if the miners at work in that state decide to join the movement. Of course, Ohio, Pennsylvania, Indiana and Illinois are the important states. Reductions have been made in all except Illinois, but if the miners in that state had desired to work after May 1, they would have been compelled to accept a 20 per cent reduction.

The Illinois operators and a part of the Pittsburgh district are not represented in the conference, so whatever terms, if any, may be agreed upon, must be ratified by the absentees before they become effective. Therefore a contingent clause will be the only thing that will prevent the conference being an utter failure.

The miners appear to be firmly united for the mutual interest of all. Secretary McBride says their motto is and will continue to be "one for all and all for one." If one section goes to work all will go to work, and under no other conditions can the unions be operated.

The joint conference was slow in assembling in the chamber of commerce. It took but a short time to precipitate the fight that was brewing. An organization was effected by the election of J. B. Zerbe, an operator of this city, as president, and Patrick McBride of the miners' union as secretary, with Frank Brooks, an operator of Columbus, as his assistant.

A committee on credentials was appointed, and to them were referred the credentials of all the miners and operators who sought seats in the conference. The report of the committee aroused a stormy discussion at once. They favored the seating of all the miners and operators from Ohio, Indiana and West Virginia, and all of those from Pennsylvania who had expressed a willingness to abide by the decision of the conference. The report, however, was against the seating of the 10 Pittsburgh operators, who had declared that they would not abide by the decision of the majority.

A. H. Dinsmore led the fight in favor of giving the kickers seats. He said the call for the conference had been sent to all operators and miners and they were entitled to seats under the call. John McBride, president, and Vice President Penna of the miners' union made the principal speeches against the seating of these operators.

The Indiana operators were admitted on the understanding that they would abide by the decision of the conference if a fair rate for mining was established for central and southern Illinois.

The conference was composed after the adoption of the report of the committee on credentials of 195 miners and 144 operators. Eighty-two of the operators are from Ohio, 53 from Pennsylvania, seven from Indiana as a committee for all the operators in that state and two from West Virginia.

After the adoption of the report the conference adjourned for the day, it being announced that the operators would hold a caucus in the evening.

The report of the committee on credentials excluded the committee of 10 representing the Pittsburgh operators, who decided last Friday not to abide by the result of the conference. That report was adopted after a hot discussion.

Two members of the Pittsburgh committee, however—Messrs. Chapman and Hartley—had ostensibly withdrawn from the committee and they re-entered the conference as individual operators.

The Ohio and Pennsylvania operators who favor a settlement met at the Hollenden last night for the purpose of reaching an agreement as to a united course of action, but were unable to accomplish anything. The Ohio men then left the Pennsylvania men, to allow the latter to decide among themselves what action they would take. The latter, about midnight, decided upon a differential rate relating to Ohio and Pennsylvania, but refused to divulge what it is.

Freight Train Wrecked.
SPRINGFIELD, O., May 16.—A Big Four freight train was mysteriously wrecked here yesterday. Lawrence Long of St. Louis and Ernest Freable of Philadelphia were buried under the ruins. Long can not live. Brakeman Bolan and Fireman Keefe sustained severe injuries. Twelve loaded cars were reduced to kindlingwood. Loss \$25,000.

At the Big Oil Well.
FOSTORIA, O., May 16.—There is little change in the condition of things at the big gas well. The flames are still shooting far above the treetops. It is probable that an attempt will be made to extinguish the flames either by shooting or tunnelling. It is a grand sight, and has been seen by thousands of people.

Taylor Brothers Not Yet Captured.
MILAN, Mo., May 16.—Up to the present time the chase after the Taylor brothers continued with unabated vigor, but no trace of them has been found. The usual number of rumors were current.

ALL DIFFERENCES SETTLED.

There Will Be No Strike on the Great Northern Railroad.

MINNEAPOLIS, May 16.—All differences existing between the Great Northern Railway company and its employees, growing out of the recent strike and connected in its latest phase with certain interpretations of the terms of settlement as arranged by the committee on arbitration, were adjusted in this city last night in a manner thoroughly satisfactory to all parties concerned.

The questions at issue were left for the committee on arbitration which handled the manner previously and upon the findings and report of that body, which have been accepted as final by President Hill of the Great Northern and President Debs of the American Railway union and his associates, all trace of bitterness and disquietude has passed away.

The report of the committee, which was unanimously adopted, provided for the restoration of the salaries of certain employees of the company in accordance with the original proposition, and also that all classes of employees should be taken back to work except those charged with the destruction of property or who are in the hands of the law.

Mr. Debs and Mr. Howard will return to Chicago to look after the interests of the American Railway union in connection with the Pullman strike.

COXEYITES REBUFFED.

A New Trial Refused the Commonwealth Leaders at Washington.

WASHINGTON, May 16.—The trio of commonwealth leaders, General Coxey, Marshal Carl Brown and Christopher Columbus Jones, met with another rebuff in the police court yesterday. After six hours and a half spent in arguments in a motion for a new trial, Judge Miller overruled the motion and notified the defendants to appear Thursday for sentence.

Mr. Pence gave notice that he would apply to the district supreme court for a writ of certiorari to restrain the police court from exercising jurisdiction in the premises. The writ will also ask that the United States marshal be restrained from obeying the order of the lower court.

Anairs are very quiet in the Coxey camp at Bladensburg. There were several recruits to the army during the day, but the numbers of the men seem to be dwindling away. There were but few visitors at the camp during the day and the interest of the public in the doings of the army also seems to be lagging.

Negro Lynched.

WELBORN, Fla., May 16.—Coot Williams, a negro convict, has been taken from Mallory's camp, in Pine Grove, eight miles north of here, and lynched by a crowd of about 100 men. It is said that he was implicated in the brutal murder of two women in Hamilton county not long ago. The negro had escaped from prison, and the murder was committed while he was gone. He was recently captured in Macon, Ga., and brought back to camp. There is considerable excitement in the neighborhood, and more trouble is feared.

Gas Wells on Fire.

MUNCIE, Ind., May 16.—During a severe storm lightning struck the large gas regulator house at the location of the four gas wells, owned by the Winchester Gas company, near Selma, completely destroying it. The pipes were torn loose from one of the wells and the gas ignited. Soon the entire product of the four wells was ablaze. The blaze shot a hundred feet into the air. The blaze could be easily seen from this city, a distance of seven miles. A large force of men are at work trying to stop the blaze.

Strike Threatened.

DETROIT, May 16.—The Citizens' Street Railway company, in a recent proposition, asked its employees to accept a 5 per cent reduction in wages. Yesterday evening a committee from the employees' association submitted an agreement declining to accept the reduction. The agreement must be signed by the company within 48 hours or a strike will be the alternative. No reply has yet been received from the company, but it is believed the matter will be settled amicably.

Electrical Storm in Chicago.

CHICAGO, May 16.—A severe wind and electrical storm raged over the city yesterday afternoon, doing considerable damage. The Lincoln park sanitarian was struck by lightning, its flagpole knocked to splinters and a large hole torn in its roof. Another bolt struck the Irving park schoolhouse, tearing a hole through the roof and causing a panic among the scholars. Six houses in different parts of the city were also struck during the storm, but no fatalities occurred.

Dam Gives Way.

CHIPPEWA, Wis., May 16.—The Bloomer dam, 40 miles north, has gone out and disastrous consequences are looked for when the water reaches here. A rain and electrical storm is raging furiously in this city, and much damage has resulted to the streets. Railroad bridges are being guarded by section men, but it is feared nothing can be done to save the log booms and other property.

Children Poisoned.

MAYSVILLE, Ky., May 16.—A 10-year-old child of Horatio Hall of this county died suddenly last night. Last week he lost a 3-year-old child and another 5-year-old lies at the point of death. The children were either poisoned eating canned fruit or drinking spring water.

Taylor Brothers Not Yet Captured.

MILAN, Mo., May 16.—Up to the present time the chase after the Taylor brothers continued with unabated vigor, but no trace of them has been found. The usual number of rumors were current.

WARRING HIGHBINDERS.

Two Women Killed by Unknowns in Chinatown, San Francisco.

SAN FRANCISCO, May 16.—The battles of warring Highbinders in Chinatown have taken a new turn. The fury of these murdering bands is now being wreaked upon the helpless woman who are the slaves of Highbinder masters. It has long been an unwritten law in Chinatown that life should be taken for life, and whenever a Highbinder has been murdered the members of his tong, or society, have invariably taken the life of some member of the tong, whose members who supposed to have done the killing. In this way Highbinder warfare, when once started, claims many victims.

On the 8th inst. Choy Gim, a Chinese woman who was an inmate of a Church alley brothel, died in the receiving hospital from a bullet fired into her head by an assassin whom the police could not discover. Early Tuesday morning a second woman, named Que Sing, was murdered in a Dupont street brothel. The fact that this last victim is a chattel of a Highbinder leader whose tong rivals that to which the first victim's master belongs, is sufficient proof to the police that Highbinder jealousies are at the bottom of the two brutal murders. Neither of the helpless women had done anything to provoke her assassin's action. More murders of a similar character are looked for. These helpless women are valued by their masters in Chinatown all the way from \$1,000 to \$2,000, and the Highbinder's most sensitive point is his purse. Neither assassin is known to the police.

INDIANA COAL MINERS.

A Brazil Operator Discusses the Present Condition of Affairs.

BRAZIL, Ind., May 16.—All is quiet among the strikers in the block coal fields, but there is a manifest determination among both operators and miners.

The result of the convention at Cleveland is watched with great interest by the miners and with indifference by the operators. It is a generally accepted fact that the operators in the block coal fields do not propose to be governed by the action of the convention.

Said Isaac McIntosh, a prominent operator: "The block coal operators are preparing to lock up their mines for two years, if necessary, and we really believe such a step will be necessary. The Ohio and Pennsylvania operators invited the Indiana operators into their association a few years ago and almost ruined us. Those two states fix the scale for all the states, put it to a vote and carry it by reason of superior numbers.

None of the appropriation bills have so far been acted upon by the senate, though three of them, those making appropriations for fortifications, for pensions and for the military academy, have been reported from the appropriations committee. Of the six others, which are under consideration in committee, three are so far advanced that they may be reported this week or next. These are the postoffice, diplomatic and army bills.

Some work has also been done on the District of Columbia bill by the senate committee. The sundry civil and river and harbor bills have received comparatively little attention.

An examination of the records for the long sessions since the Forty-ninth congress shows that in no instance within that period has the senate failed to pass upon one or more of the appropriation bills before the middle of May.

TRAGEDY IN CHICAGO.

An Iowa Girl Kills a Detective and Attempts Her Own Life.

CHICAGO, May 16.—Carrie Wendell of Maquoketa, Ia., yesterday afternoon shot and killed J. P. Royal, until recently detective employed by the Rock Island railroad. After shooting him, she attempted to kill herself, but only succeeded in making a ragged wound in her forehead for which she will soon recover.

The tragedy occurred at the entrance to the National hotel, 228 South Clark street, directly opposite the postoffice, at 3:30 o'clock. The cause of the shooting was a grievance which Miss Wendell harbored against Royal, claiming that he was the father of an illegitimate child and had been faithless to his promises to marry her.

In her statement to the police, she said that for the past several years she had earned a good income acting as a detective for the Rock Island, much of which Royal had borrowed from time to time, on representations that she was to become his wife, which sums of money had failed to return when demands were made of him.

Both of the parties to the shooting reside at Maquoketa, but during the past few years have made frequent visits to Chicago in pursuit of their respective duties as detectives for the railroad company.

It was said that at least 175 delegates were expected to be in attendance.

No business was undertaken at yesterday's session aside from the appointment of committees and the completion of the organization.

Major Lee made a speech welcoming the delegates to the city, and a response was made by President Garland. Afterwards an executive session was held at which speeches were made by President Harland and Vice President Thomas Williams, the import of which was, it is said, that there ought to be no reduction of the present scale.

Stabbed His Mother to Death.

ALBANY, May 16.—Eugene Brady, a young roofer, lost his reason yesterday and stabbed his mother to death with two butcher knives. He then sprang from the second story window, but escaped injury. It required the combined efforts of six policemen to shackle him and throw him into a patrol wagon. Mrs. Kelly, who was also stabbed by the maniac, is in a critical condition. A man named Rice was also seriously stabbed.

Factory Burned by Lightning.

MERRILL, Wis., May 16.—The Central Manufacturing company's sash, door and blind factory was struck by lightning and consumed by fire yesterday. Loss \$60,000 on buildings and \$30,000 on stock. Insurance, \$38,000.

Poisoned by Eating Sardines.

BRAZIL, Ind., May 16.—The 4-year-old daughter of Abraham Gallooy was fatally poisoned by eating sardines. Vinegar had been poured on the sardines, generating a poisonous acid from the can.

UNJUST CRITICISM

In Regard to the Condition of Appropriation Bills.

WASHINGTON, May 16.—The comment usual at this season is heard about the condition of the appropriation bills and the suggestion has been made in some quarters that the bills are not so far advanced as in former long sessions of congress. An examination of the records does not fully sustain the criticism. The average of the last eight years has so far during the present session been almost if not quite maintained.

There is still an abundance of time to dispose of all these bills before the close of the fiscal year if too much time is not required in the senate for the consideration of the tariff bill. Senator Cockrell, chairman of the committee on appropriations, said that there would be no effort to pass the appropriation bills in the senate until the tariff should be out of the way but that the committee would attempt to keep them well up so as to have them ready for consideration as soon as the tariff should be disposed of.

Up to this date nine of the appropriation bills have passed the house and three of the remaining five have been reported from the house committee on appropriations. The legislative and the deficiency bills have not yet been reported, but the former will make its appearance in a few days and the latter is purposely held back so that it may include all deficiencies occurring up to a reasonable time before the fiscal year closes. Chairman Sayers expects, however, that it will be passed by June 10.

The appropriations committee, under orders from the house, will attach to the legislative bill provisions embodying the changes in the accounting methods of the treasury department recommended by the Dockery commission resulting in reductions in amounts necessary for the clerical force of the department.

Mr. Sayers expects to see all the appropriation bills, with the exception of the deficiency, passed by the house by the 30th of May.

None of the appropriation bills have so far been acted upon by the senate, though three of them, those making appropriations for fortifications, for pensions and for the military academy, have been reported from the appropriations committee. Of the six others, which are under consideration in committee, three are so far advanced that they may be reported this week or next. These are the postoffice, diplomatic and army bills.

A DESPATCH from Washington City says that a decisive vote on the tariff bill may be reached any day this week in the Senate. We hope the report is true. The country will then know how many traitors there are among the Democratic Senators.

UNDER the new Senate bill the average rate is 37 per cent, as against 50 per cent, under the present McKinley bill. The increase on sugar helps the average very largely, and this duty is paid in part by every workingman.—Cincinnati Tribune (Republican).

So the tariff is a tax after all, and the consumers of tariff-taxed articles pay the tax. But it will be easier to pay 37 per cent. than it is to pay 50 per cent.

THE recent fight in the Third Ohio Congressional district was made on the Wilson bill. It is a great manufacturing center. The Republicans erected scare crows in every precinct, but the workmen didn't scare worth a cent. It is charged that the protectionists contributed "barrels of boddle" to aid the Republicans in their fight, but with all this McKinley's plurality of 563 last fall was wiped out and a very comfortable Democratic majority of over 1,800 registered in its place.

The Republicans of Brown County, Ohio, had a lively time at Georgetown Monday selecting delegates to the Congressional convention to be held at Lebanon, May 31. Judge Hulick and Colonel Doan were the contestants for the delegation. The former won, but it is said his outlay in the county will not fall short of \$2,000. A special from Georgetown says about thirty of the Hulick voters were from Maysville.

THE M. AND L. TURNPIKE.

An Interesting Report From State Inspector Gardner in Regard to Its Finances.

The Frankfort correspondent of the Courier-Journal says: "State Inspector Gardner has made the following report to Governor Brown on the Maysville and Lexington Turnpike Company, whose affairs, and especially its management, have been attracting attention in several counties in this State:

As directed by you, I have the honor to report that I have examined the reports made by the Treasurer of the Maysville and Lexington Turnpike Road Company to the Auditor of Public Accounts from the year 1887 to 1893, inclusive, and respectfully submit the following statement:

January 1, 1888, the Treasurer's report shows a balance in his hands of \$6,986.74 and no dividend declared.

January 1, 1889, balance \$13,507.38 and 1½ per cent. dividend declared.

January 1, 1890, balance \$7,702.82 and no dividend declared.

January 1, 1891, balance \$9,770.82 and 1 per cent. dividend declared.

January 1, 1892, balance \$15,478.87 and 1 per cent. dividend declared.

January 1, 1893, balance \$15,056.88 and 2 per cent. dividend declared.

January 1, 1894, balance \$14,756.18 and 2 per cent. dividend declared.

The dividend declared in 1888 was paid April 1889; for 1889, was paid April 14, 1892; for 1891, was paid April 14, 1892; for 1892, was paid April 14 and 20, 1892, and for 1893 has not been paid.

Chapter 259, section 14, page 1140, acts 1891-2-3, provides that the directors of all turnpike road companies, in which the State is a stockholder, shall, within the months of January and July in each year, make or declare a dividend of the profits of such road, if any, and pay the same into the State Treasury twenty days thereafter. This law is re-enactment of the old law.

I know of no reason for such large balances being held by the Treasurer, as he reports no debts against the road. In 1887 the repairs cost \$13,516.52; 1888, \$8,992.51; 1889, \$13,416.85; 1890, \$12,319.26; 1891, \$10,539.45; 1892, \$10,685.90; 1893, \$12,447.05.

Colonel W. W. Baldwin is the President and Superintendent of the road and is paid a salary of \$1,400 per year as Superintendent.

TAXING COMMERCIAL TRAVELERS.

An ordinance of the city of Titusville, Pa., required travelers soliciting orders to pay a license, which an agent for a Chicago firm dealing in pictures and picture frames failed to do. For this he was sentenced to pay a fine by a local court, whose judgment was affirmed by the Supreme Court of the State. The decision of the latter court has just been reversed by the Supreme Court of the United States in the case of Brennan vs. The City of Titusville, in which it holds, reaffirming the position taken by it in previous cases, that no State can levy a tax on inter-State commerce in any form, whether by way of duties laid on the transportation of the subjects of that commerce, or on the receipts derived from that transportation, or on the occupation or business of carrying it on.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At J. PAGAN BOB AND INFIDEL MOORE.

Colonel Robert J. Ingerson refuses to defend Chas. C. Moore, editor of the Blue Grass Blade, who is under indictment at Lexington for blasphemy. Moore is hot over the matter, and says: "I have sacrificed everything to follow Ingerson, and this is the way he shows his gratitude. I have lost social position and suffered persecution in the cause of liberal thought. But I'll get even. Next week I'll blast Bob Ingerson in the Blade."

A STRONG APPEAL.

Women of Lexington Implore Their Husbands, Fathers and Brothers to Oppose Breckinridge.

At a mass meeting in Lexington Monday, the women of that Congressional district adopted the following:

WHEREAS, W. C. P. Breckinridge has announced himself as a candidate for re-election to Congress from the Ashland district, notwithstanding his confession under oath of flagrant and habitual licentiousness and hypocrisy; therefore,

Resolved, 1. That we, women of Lexington and Fayette County, Kentucky, do solemnly protest against his renomination as the representative of this district.

2. We believe that such an endorsement of W. C. P. Breckinridge at the polls would be a disgrace to Kentucky, a shame upon manhood, an affront to womanhood, a sinful example to youth and a menace to both society and the home.

3. We earnestly implore our fathers, husbands and brothers to wipe out the stain that W. C. P. Breckinridge has brought on the fair fame of the Ashland district.

Other resolutions were adopted as follows:

WHEREAS, The Ashland district of Kentucky has been known and honored of all men by the faithful and honorable services of such illustrious men as Clay, John C. Breckinridge, Crittenden, Beck and Blackburn; and,

WHEREAS, The present incumbent, W. C. P. Breckinridge, has by his conduct caused the eyes of the Nation to be turned upon us with anxious expectancy; therefore, be it

Resolved, 1. That in this hour of supreme trial we affirm our support to honor, truth and morality, and pledge our lives and honor to their maintenance.

2. That we most urgently request our senior Senator, Hon. J. C. S. Blackburn, whom it has pleased the of this district often to honor, to obtain leave of absence from the Senate and return to this district to protest from the rostrum against the renomination of W. C. P. Breckinridge.

3. That a copy of these resolution be sent to the United States Senate as a petition for leave of absence for Senator Blackburn.

FOR PAOLA, KANSAS, MAY 28.

A Chance For Western Home Seekers. Major J. T. Long Has a List of Farms For Sale.

I will conduct a party to inspect land in the counties of Miami, Franklin, Linn and Anderson in the State of Kansas leaving Maysville, Ky., on Monday, May 28th, at 6 a.m.

These counties lie in the eastern part of Kansas, and are well settled, well watered and wooded, and are the garden spot of the world.

Improved farms in these counties are the best and safest investment you can make.

I have a large list of farms for sale on easy terms within 100 miles of Kansas City.

The citizens of the above named counties will extend you a hearty welcome and "show you around" without charge.

Arrangements have been made for a special through car, and stop over will be allowed in Kansas at pleasure.

INSURANCE COMPANIES.

Some of Them Don't Like to Pay License and Are Withdrawing From Kentucky.

Says the Cincinnati Enquirer: "Important action was taken Monday by the Natural Premium Life Underwriters' Association at the regular monthly meeting at the Gibson. By a recently enacted law in the State of Kentucky every town and city in the Commonwealth is allowed to impose a license tax upon the representatives of all insurance companies doing business therein. City ordinances have been passed in Covington and Newport imposing a tax of \$25 upon all insurance agents under this statute. The matter was given a thorough consideration by the members of the association with the result that it was decided by the companies represented to withdraw from Covington and Newport entirely, and confine their operations in this section to this side of the river."

"This means that the agencies of the following companies, as well as several others, will be suspended in Kentucky: Cincinnati Life Association, the Ohio Mutual, the Fidelity Mutual, the Young Men's Mutual, the Massachusetts Benefit Life Association, the Provident Savings and the Covenant Mutual. This is about the first step toward withdrawal from Kentucky that has been taken by any companies, but it is very probable that companies doing only a moderate amount of business in the State will follow the example. A committee was appointed at the meeting of the association to confer with the authorities of Covington and Newport to ascertain if the obnoxious ordinances could not be repealed, or at least modified so as to make the operation of the companies in the two cities advisable, at least.

"The natural premium insurance companies of which the association is composed differ from the old line assessment companies in that no legal reserve is required for their operation, and that the rate is based upon the expectation of life."

One might infer from the Enquirer's article that the licensing of insurance companies by cities and towns is something new in Kentucky, but such is not the case, at least as far as Maysville is concerned. Companies doing business in this city have been required to pay license for years and years.

THE earnings of the Cheapeake & Ohio for the first week of May were \$109,980, against \$102,402 for the corresponding week of last year. Decrease, \$82,422. This heavy decrease is attributable to two causes: First the strike of the coal miners, which has cut off all coal traffic, and second, the fact of the earnings for the first week of May of last year were exceedingly large.

THE Danville correspondent of the Louisville Post says: "If any of the other Blue Grass towns have a gun club that they are particularly fond of, they should tackle the Danville Gun Club for a competitive shoot. At the last meeting of the Danville organization R. G. Price broke twenty-one out of twenty-five blue rocks. Dr. Marsh has done the same trick and B. F. Phillips is only one behind. This is accounted pretty fair amateur shooting. The club meets every Thursday or Friday afternoon."

In the case of David Sinton against the County of Carter the county officials have filed their response to a rule issued against them some time ago. This was a rule to compel the Carter people to appoint a collector to collect tax enough to pay off Mr. Sinton's judgment against the county for \$47,000. The respondents say that at several sessions of the court the appointment was tendered to the Sheriff of the county, and he declined it. The appointment was then offered to any other officer of the county, but they all refused it. They claim that they are willing and anxious to appoint a collector, but can find no suitable person who will accept. To accept this appointment is like accepting an invitation to a shotgun social, it is claimed. Uncle Sam will be asked to send up a United Marshal or two.

THE West Union Scion is in possession of two old deeds that are curiosities. They are written on deer skins and are remarkably well preserved. One is for 2,000 acres of land lying northwest of the Ohio River, between the Miami and Scioto, patented to Thomas Rutherford, assignee of James Monroe, for services as Major in the United States Army in the Virginia line or Continental establishment. It is dated December 9, 1824, and signed by James Monroe, President of the United States, and George Graham, Commissioner of the General Land Office. The other grants to George Fielder, a soldier of the United States for three years, 100 acres, situated between the Little Miami and Scioto rivers. It bears date November 10, 1824, and is signed by James Madison, President of the United States, and Josiah Meigs, Commissioner of the General Land Office.

MENTION was made in Monday's issue of the BULLETIN of the death at 1:10 o'clock that morning of Harry Moore, the bright little four-year-old son of Mr. and Mrs. J. H. Moore, who live near the old Slack postoffice, Monday evening at 8 o'clock. Mr. George Flynn, aged twenty-eight years, brother of Mrs. Moore, passed away. The double funeral occurred Tuesday morning at 10 o'clock and the remains were interred at Washington. Mrs. Moore was Miss Kate Flynn, formerly of this city.

JACOB LOVAL, of Woodford County, lost a fine gold watch in the spring of 1891. He believed at the time that a couple of negroes stole it and had them arrested. He failed to make out a case, and they were released. A few days ago he was feeding some hogs in a field near his distillery and under the bottom of the hog-trough found his time-piece that had been lost for three years. He wound it up and the watch is keeping as good time after its three years' outing as if it had just come from a watchmaker's shop, says the Woodford Sun.

A CHANCE FOR MERCHANTS.

Nearly 5,000 Copies of the Evening Bulletin Will Be Issued To-Morrow.

To-morrow's issue of the EVENING BULLETIN will be the largest in the history of the paper, to that date.

Nearly 5,000 copies of the paper will be sent out, and the merchant who is wise will take advantage of this big issue.

Parties desiring advertising space should hand in their copy this afternoon, if possible.

While the issue will be largely increased, advertising rates will remain the same.

Merchants take advantage of this opportunity. If you want an advertisement in this big issue, don't delay the matter but hand in the copy at once.

METHODIST UNION.

A Majority of the Southern Ministers in Kentucky Favor It—Rev. Poynter's Letter.

Rev. W. T. Poynter, of Shelbyville, a prominent member of the Kentucky Conference, M. E. Church, South, has an interesting letter in Monday's Courier Journal on the organic union of the two great branches of Methodists. He says: "Seeing in your reports from the Memphis General Conference sundry interviews with members unfavorable to union with the Northern branch of the Methodist Church I thought it might interest your readers to know of a vote on that question which has been taken quite recently in this State. On March 6, 1894, I sent out 250 cards to the Methodist preachers in Kentucky—those in the active work, as we call it—to get their opinion on organic union and on the question of removing the time limit from the pastorate. The form of the questions was as follows:

"Are you in favor of the union of the M. E. Church and the M. E. Church, South, on terms honorable to both?"

"Are you in favor of removing the time-limit from the pastorate?"

"I have received 198 responses to these inquiries with the following result:

"For organic union, 138; versus, 55; non-committal, 5.

"For removal of restriction on pastorate, 61; versus, 117; for extension of time, etc., 20.

"From this it appears that the rank and file of our ministry in Kentucky, at least, are in favor of union and not opposed to it. My opinion is if the question were submitted to the preachers and people of the Southern Church generally, it would be found that the vote in Kentucky represents the voice of the church. Our Bishops and those in authority are, for the most part, opposed to organic union, but I am certain they do not represent the body of our ministry."

THE Supreme Lodge of the Knights of Honor will meet in Cincinnati this week. The delegates from Kentucky are Mr. W. H. Wadsworth, of this city, A. J. Heiss, of Louisville, and J. W. Cowgill, of Hickman.

Books are now open for subscription to the seventeenth series of stock in the Mason County Building and Saving Association. The series will commence June 2nd. Apply to M. C. Russell, Secretary, R. K. Hoechich, Treasurer, or any of the directors.

A TEN-YEAR-OLD child of Horatio Hall, of this county, died suddenly Monday night. Last week he lost a three-year-old child, and another child aged five years, lay at the point of death at last accounts. It is said the children were either poisoned from eating canned fruit or drinking poisoned spring water.

MR. JOHN M. CHAMBERS met with a very painful accident Monday evening as he was returning home from Washington. A young horse he was driving took fright and whirling short around threw Mr. Chambers out, landing him with considerable force against a fence. Apart from a dislocated shoulder and numerous scratches and bruises though, he escaped serious injury.

JOSEPH Rich and William Mullins, of Morning View, Kenton County, will be a little more particular hereafter in jailing suspects. They got hold of J. B. Reed, a Cincinnati drummer, a few days ago and locked him up under the impression that they had captured a slick forger who was badly wanted. They discovered their mistake next day, and are now defendants in a \$50,000 damage suit.

On the morning of the 11th instant RT. Rev. C. P. Maes closed a retreat which he had held for the young ladies of the Sodality of the B. V. M., of this city. The Sodality is under the direction of the Sisters of the Visitation. Fifteen young ladies were received as full members and ten as aspirants. The Sodality now numbers 110, and the members gave edifying evidences during the retreat of their piety. The Rt. Rev. Bishop expressed himself as much pleased with the flourishing condition of the Sodality.

AN INCENDIARY FIRE.

A Million Dollars' Worth of Property Destroyed.

OVER 2,000 PEOPLE HOMELESS.

One Hundred Buildings Destroyed and About Five Hundred Families Rendered Homeless in Boston—Six Firemen Injured, Though Not Seriously—The Fire Covered a Space of Twenty Acres.

BOSTON, May 16.—By the torch of an incendiary over a million dollars' worth of property is in ashes, over 500 families of the medium and poorer classes, consisting of over 2,000 people are homeless and many of them who had time to save a portion of their household furniture last night slept in the open air.

The fire started in the Boston League ball park, in a pile of lumber which was lying under the right field bleachers, directly back of first base. In a moment it had leaped out to the seats and fanned by the brisk breeze, swept toward the grand stand. So rapidly did the flames spread, that before the occupants of the grand stand realized it the fire was upon them, and they were forced to flee. It was several minutes before the firemen were at work.

The left field bleachers were next ignited, meanwhile the sparks had fallen upon the houses on Berlin street, and the flames surged on towards Tremont street, reaching out to the right and left until the entire square between the ball grounds and Tremont street and extending north from Walpole street to Burke was a mass of burning buildings.

The Shermans' kindergarten, a brick structure, obstructed the progress of the fire for only a moment and that, too, was numbered among the structures consumed.

The buildings on the south side of Walpole street were soon burned. The flames shot down toward Coventry street on that side of Tremont nearest the ball grounds. They swept on in this direction for three squares, as far as Burke street, devouring the homes of men and women who were working with frantic energy to get out their household goods, and even before they could remove those to a safe place, the walls burned and crumbled down.

At 5 o'clock the entire block along the west side of Tremont street from Walpole to Burke, was a brilliant mass of flames which swept across to the opposite side, and soon engulfed the buildings for four blocks. By this time the residents of the tenements for nearly half a mile around had become alarmed and were moving all their property into the streets and seeking for places of safety. So rapidly did the fire eat its way, however, that those in the blocks adjoining Tremont street did not have time to save their household effects, and barely escaped with their lives.

The streets were filled with frightened women and children, poor people who were trying to save a part of their small property, and hurrying firemen and policemen. Furniture of all kinds littered the sidewalks and the firemen were greatly hampered by the obstructions.

By 6 o'clock the conflagration had crossed Tremont to Cabot street.

Shortly after 6 o'clock several steamers arrived from Lynn, Salem, Beverly, Brookline and Lawrence, and every effort was made to stop the fire at Cabot street. But it could not be checked and not until it had burned from Cabot street half way through to Warwick street and north to Burke street, was the limit of the burned district on the southeast side of the ball grounds reached.

While the firemen were fighting on this side the fire was spreading from Walpole toward Milford place on the southwest side of the ball grounds, and in half an hour all the buildings in this block were in ruins. The fire burned on until it reached Ruggles street at one point, and consumed the houses on both sides of Chapel street and laid low the structures on Sudbury street.

At Ruggles street on the west, and Cabot street on the southeast, the fire was practically stopped, and at 7:30 the fire was under control and in no danger of spreading further.

It is estimated that about 100 buildings have been burned and about 500 families rendered homeless.

The fire covered a space of about 20 acres, and as far as can be learned only six persons have been injured and none fatally.

Prominent insurance men place the loss at \$1,000,000 and the insurance at about two-thirds of the loss.

The new house of Ladd 12 and Hose 7, on Tremont street, was destroyed.

Alderman Bryant's residence, on Walpole street, and his store on Tremont street were also destroyed.

Among the other business places leveled were:

J. J. McNamara, wines and liquor, Cabot street.

Daniel Bernhard & Company, liquors, Tremont.

Sterling provision store, Sterling street.

Gray's photographing establishment, Tremont street.

Martin Regan, undertaker, Tremont street.

Gilmore's block of offices, etc., Tremont street.

S. McElrick, provisions, Tremont street.

Councilman Connor lost his house on Tremont street and many of his effects.

A special meeting of the board of aldermen was called yesterday evening to take action upon the exigencies of the case and it was voted to use the surplus of \$4,000 now held by the trustees of the Johnstown flood, and which was collected for the sufferers by the flood at Johnstown, for the relief of the 2,000 people made homeless by the conflagration. Another meeting will be held when some further means will be devised to aid those in distress.

Confessed His Guilt.

UTICA, N. Y., May 16.—Bernhardt Altenberger, who shot Katie Rupp at Snake Hill Sunday, was arrested on the Chicago limited here last night. He has confessed his guilt.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

GERMANTOWN.

Dr. C. W. Norris, of Lexington, is here to spend several days with relatives.

Judge Tarbell and family of Georgetown, O., attended the funeral of Mrs. Sallee.

Elder Saxby was taken sick in the pulpit Sunday night and unable to finish his discourse. He was well enough to return home on Monday morning.

Mrs. M. Sallee, of Maysville, who was born and raised near Hebron, Mason County, was buried at this place on Saturday last, after appropriate funeral services conducted by Elder W. Hall.

Miss Josie Dwire, who also was born and grew to womanhood near Hebron Church, in Mason County, died in Covington on Saturday last, and was buried at this place on Monday. Her funeral discourse was preached at the M. E. Church, South, by her pastor, Rev. Mitchell, of Covington. Her life was pure, her character unsullied, and as she placed herself on the table for the surgeon's knife to do its fatal work, she told them with perfect calmness that it was immaterial to her how the ease terminated, she was ready. The crowded church, the flowing tears, the beautiful flowers, all attested the high esteem in which she was held by the people among whom her earlier life was spent.

ORANGEBURG.

H. P. Wilson and Miss Betsey Coulter visited friends in Ohio Saturday and Sunday.

Stewart Wallingford, of Cincinnati, is visiting his parents, Mr. and Mrs. J. H. Wallingford.

Wm. Mayhugh and daughter, Miss Kate, visited relatives in Mt. Carmel a few days since.

Enoch Sexton and family moved into town last week and are occupying the old Howard house.

Mrs. A. B. Mayhugh and little grandson left Friday for an extended visit to her daughter, Mrs. A. E. Zeigler, of Huntington, W. Va.

A young man by the name of Bailey committed suicide by shooting himself through the heart on Sunday last at the home of John Mason, not far from this place.

A member of our colored population attempted to cut his throat one evening last week, but was prevented by friends in time to escape serious injury. Cause unknown.

SHANNON.

Miss Mollie Merriman, the noted trance evangelist, commenced a series of revival meetings at Shannon Church Monday night. For her opening lesson she read, very impressively, David's prayer for remission of sins, Psalm LI. Her discourse of one hour which followed was founded on Genesis III: 9, "Adam, Where Art Thou?" She has a gentle, sweet flowing voice, talks earnestly and fluently, is full of scriptural quotations, and has some thrilling illustrations. Her pathetic pleadings, her touching appeals, holds her audience spellbound, carrying conviction to the heart of the violators of the divine law. If success should crown her efforts the meeting will probably run through two weeks.

MAYSICK.

Thomas C. Hopper and wife, of Maysville, were here Sunday visiting his sisters.

Professor W. R. Chandler made us a flying visit from the Blue Licks last Monday. He reports a good time fishing.

Rev. Bela Metcalf preached very acceptably for us last Sunday morning and evening. He is a good talker and sticks close to the book of books.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

It Removes Dandruff,

Warning to England.

MADRID, May 16.—Senor Canovas Del Castillo addressed the cortes yesterday in criticism of the government's conduct in connection with the Melilla affair. He declared that should England attempt to seize Tangier with a view of impeding the free passage of the Strait of Gibraltar it would lead to a European protest and the most disastrous naval war that humanity has yet known. The Strait of Gibraltar could never be held by any one man.

Two Senators Nominated.

BATON ROUGE, La., May 16.—The Democratic caucus held here last night unanimously nominated Hon. Donald Caffery for United States senator to serve the unexpired term of Senator Gibson, and Newton C. Blanchard the unexpired term of Judge E. D. White, resigned. The legislature will ballot for senators next Tuesday.

Four Students Drowned.

BOSTON, May 16.—Edwin Stanton Bach of New York city, William Campbell Truesdell of Newark, John Farren Browne of Philadelphia and Franklin Whittall of Philadelphia, all students at Harvard college, were drowned in the upper harbor near Thompson's islands while out sailing in a catboat.

Horrible Catastrophe Averted.

COLUMBUS, O., May 16.—An attempt was made to blow up a Toledo and Ohio Central passenger train south of Cincinatti, O. A bomb was thrown through an open window in one of the coaches by an unknown man. The fuse failed to burn and a horrible catastrophe was averted.

Grocer Assigns.

CRAWFORDSVILLE, Ind., May 16.—Henry Sloan, the well known grocer, made an assignment yesterday for the benefit of his creditors, naming Henry B. Huelt as his assignee. His liabilities and assets are both quite large. The assignment is a genuine surprise.
